Houses for SC/ST and Backward classes in the States

4259. SHRI TINDIVANAM G. VENKATRAMAN: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) the names of the States who have given preference to build houses for Scheduled Caste, Scheduled Tribe and Backward classes;

(b) which State tops the list in this regard;

(c) whether Government propose to direct the States that priority should be given to Scheduled Caste, Scheduled Tribe and Backward classes; and

(d) if not, what are the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI M. ARUNACHALAM): (a) and (b) Housing is a State Subject and State Govts., UT Admn. are free to formulate and implement housing schemes according to priorities and available resources. Certain percentage of dwelling units constructed under these schemes are generally earmarked for Scheduled Castes, Scheduled Tribes as per quota determined by each State/U.T. No specific information on State-wise performance is however available.

(c) and (d) The revised draft National Housing Policy envisages that the developed land and housing units in rural and urban areas constructed by State and local agencies and those constructed by private agencies with the help of financial institutions, would be allotted to families belonging to Scheduled Castes and Scheduled Tribes in proportion to their composition in the population. Further action in this regard is to be taken by State Governments.

However, at national level Indira Awas Yojana is in operation in rural areas for providing fully subsidised houses to the target group consisting of SC, ST and freed bounded labourers below poverty line. A statement showing the implementation of this scheme in various States and U.Ts. is at Statement.
